Nature Of Opinion:

Docket Number: W-02181A-15-0216

Docket Position: Against

Please understand that this is a mismanaged company, and it has been that way for years. They keep no fiscal reserves and I, and a number of other subscribers, had to loan them money to buy required equipment. They had years to do so but took the money they raised to use for other things. The rates now proposed are too high, given the rates other water companies use. Its just a way for mismanagement to recoup its losses and that is not fair to the subscribers.
